

Summer Camp 2019 Schedule

Introduction to Horsemanship for New & Young Riders “Fundamentals”

#1 June 24-28

#3 July 8-12

Campers will ride daily and learn the basics of horsemanship including tacking up and horse care. They will also learn how to properly lead horses and ponies and how to walk, trot, and the beginning of transitions. A great introduction, or refresher for those who only ride in summer.

Swimming in the afternoon.

Some great camp crafts.

A visit to the top of our beautiful mountain!

Equine Rider Level Prep Week

#4 July 15-19

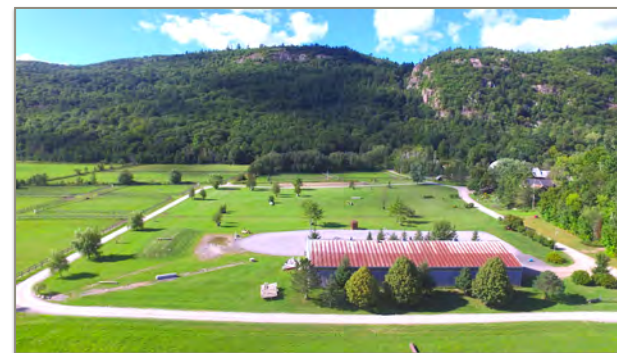

Rider Level evaluations are comprised of a written test, a practical horse knowledge component and a riding component. Eligible candidates for Level 1 and 2 are at the beginning stages of equestrian development.

This equestrian development program is internationally recognized and is comprised of 10 established levels. It provides riders with a progressive matrix enabling them to grow into well rounded, well informed and safe equestrians.

We are happy to offer this week as a preparation for the evaluation on final day. Riders will go through the Equine Canada manual with instructor and be prepared to challenge from Level 1 to 4 test on last day. Language of choice for written *(French or English)*.

We offer lessons on Saturday's and Sunday's on regular basis from 10:00am to 4:00pm. We group riders based on age, level and availability. Come enjoy the 'Fun'damentals of riding with us!

Intro to Competition

(Ages 8 - 12)

Our Intro to Comp program is available for those who wish to elevate their time commitments, riding skills and goals to compete locally with our VHF team.

Working Student Program

VHF'S working student program is geared towards riders that are interested in pursuing a career with horses either in stable management, training or teaching. Students will learn new skills by gaining practical hands on experience, and learn all aspects of horse care. They will shadow top level eventers, as well as gain valuable work experience making them more employable in the equine industry.
